RE: Letter of Endorsement - This is Tango

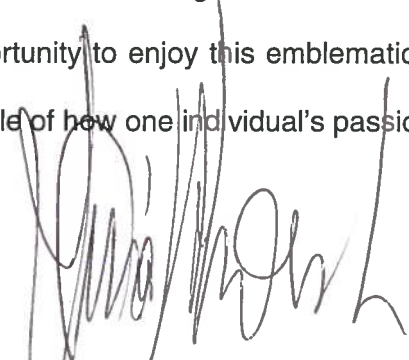

On behalf of the *Consulate General of Argentina in Toronto*, with pleasure I pledge my full support for the project called THIS IS TANGO, proposed by *Agnes von Mehren and her team*.

This event will represent the history of Argentina and Uruguay through its iconic and mesmerizing music, Tango and Candombe. It will showcase rich cultural traditions of dance, music and arts; underscoring diversity that enrich our lives and bind us together.

Tango is one of the most influential and famous dances in the world, originating from the streets of 18th century Buenos Aires and Montevideo. Since the beginning, Tango was meant to bring together people from all over the globe. Canada being a multicultural country becomes the perfect scenery for this event.

The Consulate General of Argentina in Toronto thanks *Agnes von Mehren and her team* for their commitment to embrace Tango and Candombe music, and for providing our communities with the opportunity to enjoy this emblematic musical experience. Agnes and the team are a fantastic example of how one individual's passion can make a difference.

Sincerely,

María A. Lonardi de Duardo
Consul General
